3rd TD By Undefeated Mites

That ball's flying through the air, but even though the catch was unsuccessful, the afternoon definitely was a "smash!" for both Mites and T-Rebs. Three touchdowns by the Mites pyeceded this last big play of the afternoon as the Mites racked up another victory 18-0 over the Blue Ridge Farms team.

Two touchdowns were made by Dillard Reynolds; one by Baxter Parris. The Mites are undefeated and untied so far in the season. See them try for another win this Saturday night (Oct. 11) at 6:30 p.m. in the AHS Stadium.

4-H-Opportunity For All

By Jane Garrette, Sherwill 4-H

When I was 9 years old, I joined the 4-H Club at my school. It inconvenienced me a little then, since it took away my activity period once a month; but now, I see that I have gained much, much more by attending those meetings that I would have by exercising out of doors. My selected project that year was Housekeeping, one is the Home Management area, and I have continued in this field of 4-H work since then, a total of 7 years.

Many people may ask "Why Home Management?" My answer is that it seemed to be the most practical project that I could take. Home Management includes 4 major projects – Housekeeping, Ironing, Washing, and Money Management. Someday, I hope to have a home to manage; the knowledge and skills that I have gained and will gain will help me to be a more successful homemaker.

Earlier, I mentioned opportunity. The Home Management field is full of it! A few years ago, there was an exhibit contest in this field. I entered each year, and won several cash awards and ribbons.

My main 4-H activity however, is demonstrations. My first Junior Division demonstration inspired me to continue when I won a blue ribbon. In the 1967-68 year, I was eligible to compete on the Senior level for the first time. I entered the County Demonstration Contest, (which is held for all projects), in the Home Management project area. My demonstration was entitled "Making A Study Center." After county, I won the right to go to District competition in Roanoke. I can imagine how the Roanoke natives felt when all the demonstration winners from the counties of West Central District invaded their city on that bright April morning. The day became even brighter when I was asked to represent the district in State competition at State 4-H Club Congress in June, which is always held on the VPI campus in Blacksburg.

When I arrived there, I guess everyone wondered why I was walking around with a lampshade desk blotter, and a box full of bookends, old irons, pencils, and a bottle, plus many other strange objects! I felt a little silly, but the one week trip was well worth it. On Wednesday, I presented demonstration, which had become "Plan – For Happier Studying." On Thursday morning, I was announced as the winner of the contest! I guess this could be labeled my most exciting moment! A few weeks later, I received an AM-FM, AC-DC radio as my prize. To this day, it remains one of my most prized possessions.

Since that June, I have attended Club Congress again, and have been tapped into the 4-H All-Star Chapter, for the past two summers, I have been a Jr. Leader at 4-H Junior Camp at Smith Mountain Lake. I have held workshops in my home, and have attended those held by other club members and leaders. I have learned much through 4-H.

I've told you "why" Home Management, and I hope you can see "why" 4-H is the club for me ... and for any young person who is interested in bettering himself, his community, and therefore, his country. I hope many of you will join the 4-H and we'll strive to "Make the Best Better."

The sun is a cheaper clothes dryer than an electric one.

But brother, does it do a bad job!

The sun is undoubtedly the most cantankerous clothes dryer ever made.

For one thing, it only works half the time. But when it does, it fades your clothes.

And since the sun is outdoors, your clothes get dusty, tattered and wind-whipped. And if it decides to cloud up, they can get wet. Soggy. And muddy.

What you need is an electric dryer.

The simplest, cleanest, quickest, most efficient way to dry clothes.

Of course, it might cost more to buy than sunshine.

But it sure beats anything else you could buy.
